Have Plans To Beautify The Streets

Figure Cost Of Planting Cocos Plumosa Palms In Shopping Area

A plan for the adornment of the city's business district by the planting of cocos plumosa palms as proposed to the Chamber of Commerce by W. R. Humphries was discussed at this week's meeting of that body and Mr. Humphries and Robert Corlett were appointed by President R. J. Davies, a committee to inquire into the cost of the undertaking and a method of financing it.

One proposal looks to an organization of the property and lease holders on Central avenue and other downtown streets with an understanding that they shall pay for a planting that is conceded would very greatly add to the charm and attractiveness of Sierra Madre.

Mr. Humphries and Mr. Corlett have arranged to get cost figures from Pasadena, Temple City and a score of other towns in the San Gabriel valley and the citrus belt that either have or are arranging to beautify their residence as well as business districts by the planting of cocos plumosa.

The chamber voted that a letter of thanks be sent the American Legion and the American Legion Auxiliary for the splendid concert and dances presented by these two organizations at the City Park during the summer.

A contribution of five dollars will be sent from the Sierra Madre chamber to the Mission Playhouse in San Gabriel as the contribution from this town for the bronze bust of John Steven McGroarty to be erected where his famous historical plays and pageants were presented.

Many Areas Are Invaded By Local Hunters For Deer

With the opening of the deer season last Tuesday hunters have been flocking to the San Jacinto mountains where there is considerably more "open" territory this year than ever before.

Chief of Police Gordon McMillan, H. C. Reavis and Carl Nelson, the latter from Pasadena, will be at Sulphur Springs in the Sierra Madres until Saturday. They left Sierra Madre in high hopes.

Gordon Langworthy and his two brothers, Steve and Ed, have returned from Three Points in the Santa Barbara mountains where Gordon bagged a two point.

Ninety-seven per cent of the hunters taking game out of Riverside county mountains this year are from the Los Angeles area where last year alone 48,000 hunting licenses were issued, according to Game Warden Gyger, of Riverside county.

Judge C. M. Dieterich, of that county, last week imposed fines of \$75 on seven Los Angeles county hunters charged with violation of the State Game laws.

TO REPEAT NEW YORK PROGRAM AT THAYER-RASBACH CONCERT FOR DISABLED WAR VETERANS

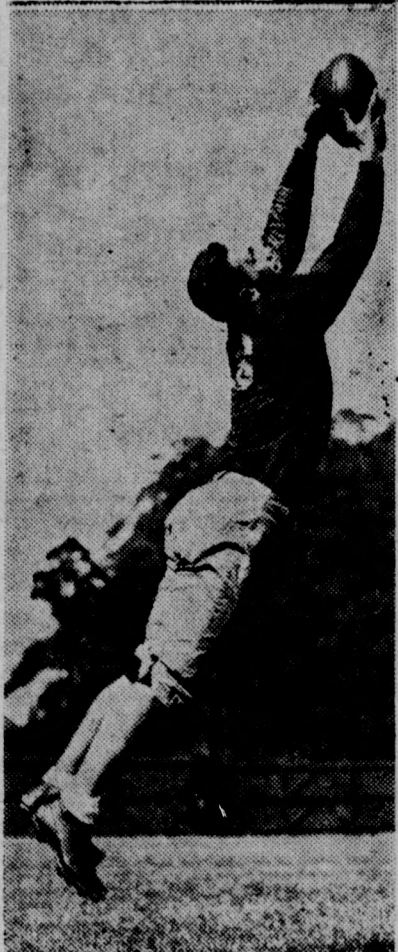

The tickets are out and selling fast for the concert which will be given in the auditorium of the Pasadena Junior College on the evening of October 2nd, by Donald Thayer, baritone, and Oscar Rasbach, the popular composer, for the Welfare Fund of American Legion Post 297, of Sierra Madre.

The ladies of the Auxiliary are working hand in hand with the boys of the post and all say that the concert will certainly go over in a big way and that the tickets will be sold out within a few days. Legion posts of surrounding cities are making big inroads on the best seats, taking blocks of 50 and more.

Probably there is no one in America today, among the younger artists, who has won a more enviable position in the world of music, through the natural beauty of his voice, masterful interpretive ability, and as one great American critic said, "a depth of feeling seldom heard on the concert stage," than is enjoyed by the famous young baritone, Donald Thayer.

Oscar Rasbach has so endeared himself to this city through many years of generous giving of his great talents, that it seems scarcely necessary to enlarge upon the simple announcement that he is

Story Of The Campaign To Be Revealed

Speakership Contest May Tell How Mayor Ralph Was Nominated

By HOMER L. ROBERTS
United Press Staff Correspondent

SACRAMENTO, Sept. 19.—The impending contest over the speakership of the state assembly may prove to be one of the outstanding battles of the 1931 legislature.

The three outstanding candidates for the post are Edgar C. Levey of San Francisco, speaker in 1927 and 1929; Harry F. Sewell, Santa Monica, and Walter J. Little, Whittier.

The outcome appears to hinge on the following question: Did Sheriff Tom Finn and his political organization switch their support from Fitts to Ralph in the closing weeks of the recent campaign for governor?

Some say they did. But whatever the answer may be, Levey, who is a Tom Finn man, insists that his record entitles him to a third term. Southern California legislators, however, declare their section of the state is entitled to the post.

Governor C. C. Young is the only person in California's history to preside over the assembly for three sessions.

Mayor Ralph will have much to say in the selection of the speaker, as assemblymen are inclined as a rule to listen to the governor's office in such matters. (Continued on Page Four)

Fleming New Head Of The Legion Post

Division Commander To Install Officers Elected This Week

Vincent Fleming, popular young member of the American Legion Post 297 was elected Commander of that organization at its annual meeting on Monday night and will be installed, along with the other officers chosen, on October 6.

Charles Taylor is the new first vice commander and Ben Stinson, second vice commander.

Collin Hill was re-elected sergeant-at-arms and Thomas W. Neale was chosen for another term as Finance Officer.

Rev. Father Edwin Ronan was re-elected chaplain without opposition.

The five members of the executive committee are H. Clay Reavis, A. T. Evans, Ralph W. Stewart, E. D. Robertson and W. R. Lasater.

Four other members of the committee are the newly elected Commander, Mr. Fleming; the retiring Commander, Roy Pickett; the Finance Officer, Mr. Neale and the adjutant, who will be appointed later by the new Commander.

The newly elected Commander of the Eighteenth district, William Atkinson, of Arcadia, will preside at the installation ceremony on October 6. It will be the first time he has officiated in this capacity since his election to succeed Ralph W. Stewart at the State convention in Sacramento.

Roy Pickett reported to Monday's meeting that he had visited A. H. Embree at the Sawtelle Soldier's Hospital on Monday, found him in a most cheerful mood and that the doctors at Sawtelle believed him making a satisfactory recovery.

Maywood Visitor Falls To His Death At Santa Anita Dam

A visiting fisherman, Clyde Wagner, aged 41, of 2568 East 44th street, Maywood, fell to his death from a ledge 40 feet above the Big Santa Anita dam last Saturday afternoon.

It is believed that his skull was fractured as he plunged down into the 13 feet of water below, as he was a good swimmer and his wife and daughter who stood as helpless witnesses of the tragedy, saw him make no effort to save himself. It is believed he either lost his balance or that the decomposed granite on which he stood crumbled and dropped the angler into space.

Mrs. Wagner ran to the nearby cabin of W. H. C. Ness and he attempted to reach the unfortunate man by diving. Ness then constructed a pole with spikes at the end, and with this, A. D. Choate, owner of the First Water Camp, brought Wagner's body to the surface.

Calls were sent out for a resuscitator and Chief of Police McMillan, Fire Chief W. D. Richards, and Firemen Joe Swanson, Vernon Udell, Robert Babbitt, and George Norris with Dr. E. L. Jackson and Harry C. Scott arrived in record time. When the resuscitator failed to revive the drowned man and death was pronounced by Dr. Jackson, the body was removed to the Ray Grant Funeral Chapel.

NEW TRAILS TO TWO OF STATE'S LOFTIEST MOUNTAIN PEAKS

Two mountain trails, both extending to peaks of more than 10,000 feet elevation, will be completed within the next six weeks or before the snows fall, it was announced at the San Bernardino office of the National forest service.

One trail extends to the summit of Mt. San Jacinto, the other extends to Mt. San Bernardino.

When completed, they will provide pathways about two feet wide, sufficient to accommodate pack trains, to the summit of the two lofty peaks.

They extend through almost inaccessible mountain territory and in many districts the trails were blasted out of solid rock.

STATE SENDS FUNDS FOR PASA. JR. COLLEGE

Pasadena Junior College will receive \$28,863.98 of state funds for the first half of the fiscal year ending June 30, 1931, it was announced today in Sacramento by Virling Kersey, state superintendent.

MODERN TEACHING BY RADIO AND FILM WILL BE TRIED OUT

The whole world will watch and educators will carefully check up on the results obtained by an experiment to be made in the Cleveland schools beginning this month—teaching by radio and moving picture films.

Lectures will be broadcast while the movies are being shown—to classes of 250 and more. English and science will be the first subjects taken up.

The experiment will be made in one high school. If it is nearly as successful as its sponsors believe it will be, the plan will be extended immediately to all of the others and boards of education throughout the country will be quick to adopt the system.

Ultimately it is hoped to dispense with the services of many teachers as one instructor, it is estimated, will suffice where ten are now engaged. The Cleveland board is starting off the experiment with teachers who have had special instruction along the modern method. If it is successful most of the teaching staff that is retained will specialize in reference work and the bringing of backward and delinquent pupils to normal.

Dr. W. J. Barlow Is Recovering From Operation In L. A.

Dr. W. Jarvis Barlow, of this city, one of the two Sierra Madreans listed in the current biennial issue of "Who's Who in America," was operated on for an abdominal ailment at the Good Samaritan Hospital, Los Angeles, on Monday morning by Dr. Cecil and Dr. Richmond Ware.

The operation was pronounced successful in every way and at the hospital last night it was announced that Dr. Barlow's condition was all that could be desired. If he continues to improve as he has until this time, he will probably be discharged from the hospital in two weeks.

Dr. and Mrs. Barlow had planned to leave early this month for a trip to Africa that would have required a year.

Quota Of Local Red Cross Calls For 750 Members

The annual roll call of the American Red Cross will be conducted this year from November 11th to 27th. The quota calls for 750 members and already committees are at work perfecting the campaign organization.

Every home in Sierra Madre is to be canvassed.

The program of work for the coming year is being planned and it calls for special attention to local relief work and First Aid classes.

The regular monthly meeting will be held at local headquarters, 26 West Central, next Wednesday, September 24th, at 4 p.m., when Miss Edith Chaffee, a representative of the National organization, will check up the local work and plan with local committees their work for the coming campaign. All are invited to these meetings.

ANOTHER CARRIER WILL BE ASSIGNED TO POST OFFICE HERE

A substitute letter carrier and clerk will shortly be added to the force of the Sierra Madre post office and the civil service has announced that an examination will be held to qualify someone for the position.

Persons desiring to take the examination must have their applications on file with the civil service secretary at San Francisco not later than October 3. Application blanks and necessary information will be furnished by Postmaster Jessica H. Wright, of this city.

The postmaster also states that, while the examination is open to both men and women, the only work open is for men only, a substitute carrier position and, at present, the substitute can be guaranteed only two hours work per day.

LOCAL P. T. A. TO MEET

The Parent-Teachers Association of the Woodrow Wilson Jr. High school will hold its first meeting of the school year next 25th, at 2:30 p.m. It will be in the nature of an informal reception and tea—to give the members an opportunity to meet the new teachers and the mothers of the new pupils.

Enroll 310 At Grammar School Here

Attendance Record Rated High—Rigid Rules At Junior College

Sierra Madre's school children went back to their work this week, the grammar school pupils to the old building here on Monday and the Junior High and Junior College students to Pasadena on Tuesday.

The first day's enrollment at the grammar school was 302. It had increased to 310 yesterday and is expected to go somewhat higher before October 1.

Considering the large number of local students beyond the sixth grade who are attending the higher grades at Pasadena schools, the enrollment here is considered high and most satisfactory to the school authorities. The increase over the enrollment of last year is now 35.

There was no bustle or confusion about the resumption of work at the grammar school due to the well laid plans of the principal, Miss Elizabeth Steinberger who held an all-day session with the teaching staff last Friday at which the courses of instruction were thoroughly gone over and the year's work was laid out in detail. When Tuesday's school sessions began the work started off as smoothly as though there had been no vacation-time interruption.

The three tents provided for the fifth and sixth grades that will be used until the new \$210,000 school plant is sufficiently advanced to care for the kindergarten classes, proved ample and comfortable and the tented pupils are more than pleased with their quarters.

Better, Brighter Homes Is Purpose Of Exhibit Here

In the advertising columns of this week's NEWS appears the announcement of W. R. Humphries and his Community Service Building. At this place commencing Saturday, September 27th, will be operated a permanent exhibition of building materials and other home betterment ideas including a replica of the prize winning model kitchen.

This feature of the exhibit is being sponsored by the Sierra Madre Lumber company. W. E. Pratt, the manager, has given a great deal of time to this phase of the exhibition and in conjunction with this work the Southern Counties Gas company is showing a number of interesting appliances.

Miss Cleo McGuire, domestic Science expert of the gas company, will act as hostess in the model kitchen. She will be assisted by a number of Sierra Madre women. It is the intention of the gas company to conduct a series of cooking sessions during the winter at the model kitchen.

Many new ideas in roofing, plumbing, heating and refrigeration will be shown. Souvenirs will be furnished and refreshments served.

Tennis Team That Won Doubles Will Fight It Out Now

In what promises to be one of the best tennis matches of the local tournament Emile Smith and Randolph Wood will play for the singles championship of Sierra Madre.

The match will start at 3 o'clock next Sunday, September 21st, and the winner will have to take three sets out of five to win.

Smith and Wood are the team that won the men's doubles cup and are the last two in the singles play.

Last year Smith won the singles cup by default but refused to take it in that way. In the play-off with Fuller the latter had to quit with a cramp in his leg.

This is Wood's first tournament in a couple of years but he is an old hand at tennis and has played in many tournaments. He is playing a wonderful game this year.

A. A. HALSEY HOME LEASED TO SAN MARINO FAMILY

Mr. and Mrs. H. B. Hening and family of San Marino, have leased the Halsey house on East Alegria. The lease was made by W. R. Humphries, realtor. Mr. Hening is associated with the Phillips and Hambaugh Realty and Construction corporation, of Los Angeles.

City Takes Down Prizes At L. A. Fair

Has Noteworthy Entries In Fine Arts And Arts And Crafts Sections, Too

Sierra Madre will have a number of ribbons and prizes as souvenirs of the big Los Angeles County fair at Pomona.

The city is represented not only in the Fine Arts department of the fair with an example of the leather brush work by its creator, Henry Hawxhurst, but in the Arts and Crafts by his sister Caroline H. Webster, with an exhibit of pottery.

Mrs. Webster is well known for her designs and excellent firing in her particular line and was winner of the first prize at the fair last year.

Mr. Hawxhurst's picture "Symphonette" now on exhibition is a happy, colorful depiction of trees. Its masterly technique is due to the leather brush used by the inventor in the painting of the picture.

It speaks well for the merit of the exhibit in that the work of established artists only were accepted and out of nearly four hundred canvasses submitted, there were only 129 accepted. Among these is the Sierra Madrean work.

Ten ribbons and the majority of those first prizes were won by the poultry entered by John Kennedy, of 266 Wilson avenue.

His entries and the places they took are as follows: Dark Cornish Hen, first prize; in the Buff Orpington the pullets took first,

LAST OF CITY'S \$210,000 SCHOOL BOND ISSUE BRINGS UNPRECEDENTED PREMIUM

An abnormally high premium was paid by the successful bond house that last Monday bought the remaining \$110,000 of Sierra Madre school bonds authorized by the people at the special election of last December 10 for the erection of the city's new school plant now nearing completion at Auburn and Highland avenues.

The bonds brought a record premium of \$7,825, indicating the highest confidence in the city's financial condition and its future by the big financial institutions and bond buyers of the country.

For acquisition of a piece of property necessary to the new school building and to get the work underway, the school board early in March sold \$100,000 worth of the \$210,000 issue to Harris Trust & Savings company of Chicago, for which it received a premium of \$3,525.

This was considered an exceptionally good premium at the time, especially in view of the prevailing business conditions.

The school board at that time anticipated an improvement in the bond market when it would become necessary to sell the remainder of the issue and the first sale was limited to the actual requirements of the moment, not only in the hope of an even larger

Suit Claims Election Of J. R. Morton

Justice Of The Peace Contest In This Township Goes To The Courts

A proceeding has been instituted in the Superior Court to prevent the printing of the name of Walter S. McEachern on the November ballot as a candidate for Justice of the Peace of Pasadena Township.

The bill of particulars filed in the suit alleges that Judges J. Russell Morton and Elliott Gibbs actually received a majority of all the votes cast for the various candidates for justice of the peace at the August primary election and that they were elected under the constitutional amendment adopted in 1926 providing that when a candidate for a judicial office shall receive a majority of all the votes cast for the office he seeks, he shall be declared elected, and not again submit his name to the voters at a general election.

As the vote was tabulated by the election boards of Pasadena township Judge Morton was not credited with a majority vote and Walter S. McEachern was third among the candidates voted for. Therefore the registrar of elections prepared to have the names of the candidates placed on the ballot for the run-off.

The petition in the suit of Judge Morton alleges that approximately 25,000 voters went to the polls in Pasadena township, but a large number failed to vote for the office of Justice of the Peace. The actual vote for the three candidates for nomination appears to indicate that less than 17,000 voters marked their ballots for that office, it is recited, and that Judges Morton and Gibbs each received votes on many more than a majority of such ballots.

The election boards received no instructions to count and record the exact number of voters who marked their ballots for Justice of the Peace, it is charged, which procedure is said to be necessary under the constitutional amendment in order to obtain a complete count and to determine whether any candidates for nomination were elected.

The election boards, it is claimed in the contest, did not proceed in accordance with the (Continued on Page Eight)

second and third prizes, the hen third prize, the Cockerel first prize. In the Light Brahma Bantams the cock took first prize, the cockerel first prize and the pullets first and second prizes.

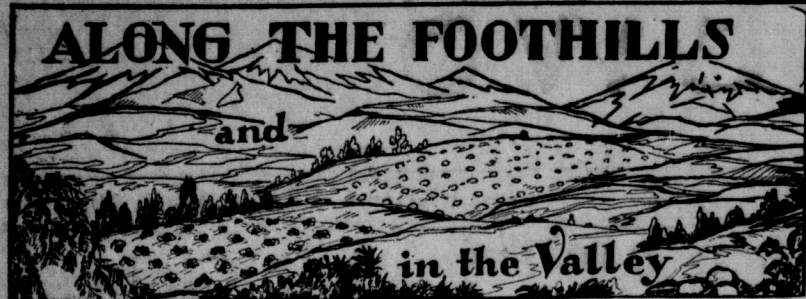

The ribbons that young Kennedy's entries won and some of the poultry will be on exhibition at the Sierra Madre Feed and Fuel Store at 43 North Baldwin avenue next week.

Two huge vases of blossoms from the gorgeous Erythrina Crista Galli, or Coral trees on the estate of Dr. W. Jarvis Barlow, taken to the Fair by John Kennedy, gardener at the estate, have attracted much attention and caused many inquiries, the subtropical blooms being rare even in Southern California, though the tree thrives beautifully in Sierra Madre.

NEW RESIDENTS HERE

COME FROM CINCINNATI

Mr. and Mrs. Christopher Mueller, of Cincinnati, Ohio, have arrived in Sierra Madre and will make their home here permanently. They are residing at 50 East Alegria street, the home of Mrs. Louise Mueller, their daughter-in-law. Mr. and Mrs. Mueller drove from the East over the Santa Fe Trail stopping at all the principal cities along the route as well as visiting Pike's Peak, Colorado Springs, and the Grand Canyon of Arizona.

The eight school of Monrovia enrolled 2342 pupils the first week of the school term.

The San Pedro American Legion post is conducting the harbor community's annual fall flower show that began yesterday and closes tonight.

A cucumber 24 inches long and 9 1/2 inches around its thickest part is on exhibition in Chino. It was grown on the King dairy ranch in Chino.

Approximately 100 tons of figs grown on the Romola development near Riverside, the promoters of which have been indicted for swindling, have been sold to the packing houses for three cents a pound.

"Fourth Street Park" is not a dignified name for Upland's beautiful park, citizens have complained to the Council. Also they demand that the streets bisecting Euclid avenue shall have more ritzy names than those they now bear.

Citrus growers of Claremont received \$540,000 for their 240 cars of navels and 67 of valencias shipped out of there this year. The average yield per acre according to the packing house returns, was \$482 for navels and \$842 for valencias.

Regardless of what may befall them at other times, members of Covina's Council are insured while the Council is in session. The rate is 40 cents a year per man and covers injuries of any and every kind that could happen to a municipal legislator.

J. William Slater has been elected president of the Montrose Chamber of Commerce.

The tax rate in La Verne has been increased 16 cents this year to \$1.85 per \$100 of assessed valuation.

Twenty motorists, mostly from Los Angeles, were fined in Upland last week for smoking in the areas where smoking is prohibited at this season.

There is talk of a recall election in Arcadia as a result of the dismissal of Mrs. Treen, the city's librarian for 10 years, and the election of Mrs. Bertha Hawk as her successor.

Orange growers of the Hemet district received as much for their crop this year as they did for twice as much fruit last year. The coming navel crop in the district is estimated at from 90 to 95 per cent.

Two bone dry members of the Riverside Republican county committee objected when a resolution to endorse James Rolph Jr., the party's candidate for governor, was introduced. But it was adopted, of course.

Eighty six Etiwanda citrus growers have received \$400,000 for the 225 cars of fruit they have shipped this year, 57 per cent of the shipments being of lemons and the remainder oranges. It was a record season financially though the crop was below normal in volume but high in quality.

CHARM OF THE CITY BRINGS ANOTHER WANDERER BACK

The charm of Sierra Madre continues to call wanderers back to the fold. The latest victims of the peculiar spell that the Wistaria City seems to exert over all who have once experienced the joy of living here are Mrs. J. L. Asbury and her two sons, Lester and Billy, who arrived Monday from Richfield, Utah, to make their permanent home here.

Mr. Asbury, formerly one of the co-publishers of the SIERRA MADRE NEWS, drove down with his family and is spending the week here. He will return Saturday to Richfield to manage his newspaper there but announces that he expects to make frequent visits to Sierra Madre to visit his family and friends.

Mrs. Asbury is settled temporarily in a duplex apartment at 148 North Auburn avenue. She expresses and manifests the keenest delight to once more be back among the wonderful people of this city and to be able to enjoy once more the cultural and climatic advantages for which Sierra Madre is noted.

SCOUT COURT OF HONOR WILL BE OPEN TO PUBLIC

A joint Court of Honor for Troops 1 and 2 of Sierra Madre will be held in St. Rita's Auditorium next Thursday, September 26, at 8 p.m., to which the parents of Scouts and the public is invited.

A Scout meeting was held last Friday at the home of Warren Preston, 503 West Montecito Street, and featured swimming events, a weenie bake and an open campfire meeting.

Expanding the Market for Citrus Fruits

TWENTY years ago, California produced around 12,000,000 boxes of citrus fruit annually. Last year, California produced over 40,000,000 boxes. Yet average prices have not only held their own, but have steadily increased.

Because supply and demand control price, there can be only one explanation of the rising prices. Demand has been increased even more than supply. And the California Fruit Growers Exchange has been largely responsible.

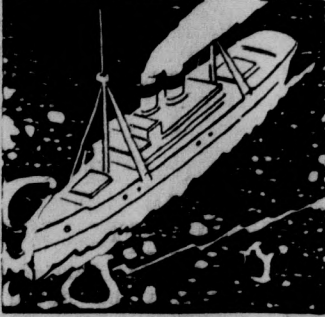

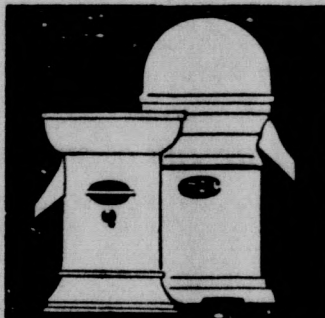

Through twenty-three years of continuous Sunkist advertising, the American public has been told often and convincingly of the deliciousness, health value and many uses of Sunkist Oranges and Lemons.

Through this means, through aggressive selling and through skillful merchandising, America has been educated to consume 70 oranges a year per capita, instead of the 32 of twenty years ago. The orange has long since replaced the apple as king of fruits, and is advancing in popularity further every year.

At the same time, the popularity of California lemons has been increased to the point where they now comprise 85% of all lemons consumed in America. Twenty years ago, 75% of the lemons consumed in America were imported.

The Sunkist Extractor, and more recently the Junior Extractor, have played stellar roles in these dramatic successes. With them, the Exchange has changed fresh orange juice from a rarity a few years ago, to the national drink today.

Yet the United States and Canada

are but a part of the Exchange market. For years the Exchange has been building up its foreign business. Last season, the Exchange exported 1,300,000 boxes of fruit to the United Kingdom, Continental Europe, the Orient, the Antipodes, Hawaii and the Philippines. "Sunkist" has become the favorite brand of many lands.

The Exchange by-products companies form another important outlet. They turn otherwise unmarketable fruit into by-products that can be sold with some return.

Through all these methods, the citrus growers of California have been saved from the over-production disasters that have befallen other agricultural industries not so well organized.

And while the Exchange has thus benefitted all growers, it has also brought special benefits to its own members. For Exchange marketing methods have built up a public and trade preference for Exchange fruit that far exceeds that enjoyed by other brands. Comparative figures have proved repeatedly that the public and trade willingly pay a premium for the greater dependability of Exchange fruit.

Exchange members average higher returns, and at the same time operate at a lower selling cost, than any other citrus agency. Let us show you the figures.

Talk to the manager of your nearest District Exchange or Exchange Association, or write now to Growers Service Bureau, California Fruit Growers Exchange, Box 530, Station C, Los Angeles.

WHAT THE EXCHANGE IS: The California Fruit Growers Exchange is a non-profit organization of more than 12,500 citrus fruit growers, producing over 75% of the California and Arizona citrus crop, operated by and for them on a cooperative basis. Its object is to develop the national and international market for California Oranges, Lemons and

Grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual cost of operation, are returned to growers. Applications are received through all the Exchange's 210 local packing associations, 23 District Exchanges, or at the central office in Los Angeles.

ENROLL 310 AT SCHOOL HERE

(Continued From Page One) dena high school and junior college embarked on its third year Tuesday.

Belief that this school year would be the best in the history of the institution was expressed by John W. Harbeson, principal, and the deans of men and women, James P. O'Mara and Ida E. Hawes. "There can be no doubt but that this year will prove the greatest in three years of the schools existence," Principal Harbeson said.

Affairs for new students were held all week, beginning with a dance Monday night in the girl's gymnasium and ending with a frosh lunch in the cafeteria yesterday.

Rigid attendance rules will be enforced this year, the administration has announced. No "cuts" will be permitted and any violation of this ruling will result in the student losing three grade points, contradicting the popular belief that nine legal "cuts" are permitted before the grade point penalty is given.

MUSIC SEASON NEARS

The Philharmonic orchestra of Los Angeles will open its twelfth season with a pair of concerts Thursday evening and Friday afternoon, October 23-24, under the direction of Dr. Arthur Rodzinski. The season's program brings a long list of soloists of international fame.

DOROTHY MAYS HAS BIRTHDAY DINNER PARTY

Dorothy Mays celebrated her thirteenth birthday anniversary last Thursday with a dinner party at the home of her parents, 141 Esperanza avenue. The guests included Beulah N. Ramon of Pasadena; "Uncle Wiggly," who entertained, Billy Mays and Mr. and Mrs. Mays of this city.

BIRTHDAY PARTY FOR STANTON IRVINE

Stanton Irvine, son of Mr. and Mrs. James A. Irvine, 98 East Grand View avenue, celebrated his eighth birthday anniversary at a party given by his parents in his honor last Thursday. "Uncle Wiggly" entertained the guests. Those present were Gloria and Betty Anderson; Betty, Mary M. and Jerome Thiel; Bob, Jean and Frank Gerhart.

"California's All Right," is the name of an organization started by the moving picture interests to lead the fight against the daylight saving proposal that will appear on the November ballot this year.

SURVEY THE NATION'S MARKETS FOR STATE'S COMING CITRUS CROP

A comprehensive survey of United States' markets is being made by Assistant General Manager Paul S. Armstrong, Orange Sales Manager Dana C. King, and Advertising Manager W. B. Geissinger of the California Fruit Growers Exchange during a six weeks trip which started September 12.

The regular annual meetings will be held with Exchange division and district managers during the trip. Meetings will be held this year in each of the five sales divisions at Seattle, Minneapolis, Kansas City, Chicago, and New York.

All phases of the Exchange business will be discussed with division and district managers by the Los Angeles officials, special emphasis being laid on new outlets for next season's larger crop and to advertising plans for the 1930-31 season.

EIGHTY DRIVERS LOSE THEIR CERTIFICATES

During the month of August more than 80 Operator's Licenses were cancelled, revoked or suspended, according to the Legal Department of the National Automobile Club. A large majority of these operators were convicted of reckless driving or driving while intoxicated. Southern California police courts have increased the use of this method of punishment of serious cases. The payment of a fine is soon forgotten, however a prohibition against driving for a specific time remains until that time is served.

MINNESOTA'S PICNIC The Minnesotans are among the most loyal to the memory of the old home state and their picnic reunions are jolly affairs. The next will be held in Sycamore Grove Park, Los Angeles, all day Saturday, September 27, 1930.

The annual Yucaipa Apple Show, to be held October 22-26, is to have a few side lines this year. It will also be a "rabbit exposition," a chicken show and a flower show—a sort of fair.

Favorite Dishes of Sierra Madreans

An orange and peach marmalade made after a favorite recipe of Mrs. E. H. Fennel is a great favorite with many Sierra Madreans who have tried it at this time of year. Here is the method:

3 oranges, 3 peaches, 2 tablespoonsful lemon juice, sugar.
Grate yellow rind of oranges, none of the white. Slice oranges very thin, add lemon juice and three times as much water as orange slices. Allow to stand over night; measure and take for each cup of fruit 1/2-cup of sugar and add stones of peaches, a few of them cracked. Cook all together until clear, and thick enough to form sheet on spoon. Remove peach stones and pour into glasses.

This is Mrs. Robert Corlett's favorite recipe for spiced peaches:

5 pounds sliced peaches, 4 pounds sugar, 1 large tablespoonful whole cloves, 1 pint vinegar, 1/2-tablespoonful salt. Boil 45 to 50 minutes. Put in jelly glasses or jars.

Miles Off Shriners Push Off For "Hot Sands" Ceremonial

A three-mile motor caravan of Nobles of the Mystic Shrine will proceed to Santa Monica tomorrow (Saturday) morning, where a ceremonial and barbecue will be featured in the open. At that time, according to Illustrious Potentate Fred J. Wadley Jr., of Al Malaikah Temple, a large class of initiates is waiting to be escorted across the "hot sands" of the Shrine desert.

Special novel scenic effects have been worked out for the affair, which is to be held in a park adjacent to Santa Maria. The barbecue is to be served by members of Al Malaikah Temple who live in Santa Maria, San Luis Obispo and Lompoc, and is to be typically Californian.

The motor caravan will form at Santa Monica and Wilshire boulevards at 8 o'clock. More than 500 automobiles, exclusive of a large fleet of busses, are to be in the caravan, carrying more than 2000 Nobles.

TWYCROSS' OFF FOR OLD HOME TOWN IN MAINE
Mr. and Mrs. S. R. G. Twycross of 139 South Baldwin avenue, who recently celebrated their wedding anniversary and Mr. Twycross' 75th birthday, left last night for an extended tour in the East. They go first to Chicago via the Santa Fe, then to New York City. The majority of their time will be spent in Cedar Grove, Maine, where Mr. Twycross was born and where his mother was born. They will visit Washington D.C., Philadelphia, Pa., Boston, Mass., Atlantic City, N.J., and Niagara Falls, and plan to be away about a month or six weeks.

Arthur Johnson III, will care for Mr. Twycross' business interests during the latter's absence.

HOLD EXAMINATIONS FOR WEST POINT

Examinations for enlisted men of the California National Guard desiring to enter the United States military academy at West Point will be held November 3 in San Francisco and Los Angeles. Two appointments to the academy will be made.

Requirements listed by Adjutant General R. E. Mittelstaedt, commander of the state militia, provide that applicants must be between 19 and 22 years old, unmarried, not less than 5 feet 4 inches in height and have completed at least one year's service in the National Guard by July 1, 1931.

Hot Lead

By William R. Lasater

My unbounded sympathy goes out to those comrades who are trying to raise a moustache, particularly so, when the job is one that requires them to go into seclusion while the transformation is taking place. There are all kinds of moustaches—blonde ones, black ones, and little red ritzy ones, about as large as Junior's tooth brush, slightly moth eaten, but all right. I am told by those who have tried, the following formulae that it is a good preventative against moths during the sleeping hours: a good grade of soft clean "Mudd" or "Clay," liberally applied to the upper lip before retiring. It is further sug-

PERSISTENCE

We all admire those twin qualities, persistence and spunk, especially when running for some Legion office. When you win you lose, or visa versa. Paradoxical, isn't it? But if you keep on running, why you are bound to catch the caboose handle as the train rolls by.

UNEASY

"Uneasy lies the head that wears a crown." So thinks our Handy Man. Being a Legion Commander is not all roses and skittles, so lets pave the way for smooth sailing by work and a good attendance for the coming year.

Along the Paths of Yesterday

A History of Sierra Madre from the files of The NEWS.

FRIDAY, SEPTEMBER 20, 1907—

Announcement is made that "Lucky" Baldwin will build a race track at Arcadia to be known as Santa Anita Park.

FRIDAY, SEPT. 15, 1916—

Mrs. Julia Phelps Certz was elected president at the organization of a local branch of the W.C.T.U. last Friday.

Jean and Hazel Woodward entertained a number of Sierra Madreans at a luncheon in Santa Monica on Wednesday.

Phil Carter and six other hunters are just back from Beaumont, each with the limit of doves.

FRIDAY, SEPT. 16, 1921—

The shriek of the fire siren and the clanging of the gong signified the turning of the first shovel of earth for the Fireman's Club building on Tuesday. School opened on Monday with an enrollment of 363.

Real estate agents report that there is not a vacant house in the city; two agents have waiting lists of prospective Sierra Madreans.

FRIDAY, SEPT. 17, 1926—

Mr. and Mrs. Donald Thayer have returned to their home here after a year spent in Italy.

Miss Edith Blumer will leave the city tomorrow preparatory to sailing from San Francisco on Monday for Japan, where she will spend a year.

Mr. and Mrs. E. D. Burbank

left on Saturday for a year's European tour.

Ham Knott, local rabbit raiser, has been awarded the blue ribbon for Chinchilla rabbits at the Baldwin Park rabbit show.

Story of Campaign

(Continued From Page One)

They have found that it usually pays to be known as an administration lawmaker.

So, if Rolph elects to oust Levey you can put it down that there wasn't a switch in Finn's sympathies. But strange things happen in politics, so a truce between Rolph and Finn isn't beyond the realm of possibility.

Two women may hold seats in the assembly as a result of the recent primary election. Miss Eleanor Miller of Pasadena, was reelected, while Sara E. Kellogg of Van Nuys, received the Republican nomination in her district.

The republican nominees from Los Angeles County are:

51st district, Sarah E. Kellogg; Van Nuys; 52nd district, Eleanor Miller, Pasadena; 53rd, Frederick F. Houser, Pasadena; 54th, William G. Bonelli, Los Angeles; 55th, Milton M. If You Have an Electric Range...

you can join with 26,000 other California women in testifying that you never have had a cooking device in your kitchen that has saved you so much... in time, in labor, in elimination of food spoilage.

You will agree that foods cooked or baked electrically do very definitely taste better... that even the cheaper cuts of meat come out of your electric oven appetizing and tender... that it is almost impossible to have a failure with cakes, pies and other pastry.

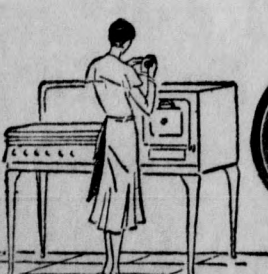

You will agree that never before has it been so easy to keep your kitchen cool, clean, sweet and dainty... that never before has cleaning up after a big meal been so easy or so quick.

You will agree that never have you had a range that gave you so much time out of your kitchen, because, with your automatic timing and temperature controls you can go away for a whole day, know that dinner will be ready when you return, and that everything will be just right.

If You Haven't an Electric Range

let us show you how 26,000 California neighbors are securing these results... how easily you, in your own kitchen, can secure results equally satisfactory. Simply telephone, or drop in and see the various modern models on display at your dealer's or any Edison office.

ANOTHER BIG WEEK AT THE EGYPTIAN

Another week of double featured programs has been arranged by the management of Warner's Egyptian, the nearby theatre on Colorado avenue at Lamanda Park. Today and tomorrow, September 19 and 20, the Egyptian will show Olsen and Johnson in "Oh Sailor Behave," and "Furies," featuring H. B. Warner and Lois Wilson. The Mickey Mouse cartoon will round out this bill.

"Numbered Men," with Conrad Nagel, is the Egyptian's attraction Sunday, Monday and Tuesday, September 21, 22 and 23. There will also be a comedy, news pictures and the sportlight.

Next Wednesday ushers in another double feature that will also be shown on Thursday. It carries "The Love Racket" with Dorothy Mackaill and "Personality," with Sally Starr and Johnny Arthur. In addition to other regular Egyptian features there is a Krazy Kat comedy on this feature bill.

"LET'S GO NATIVE" IS PASADENA SHOWING

Hilarity week starts today at the new Fox Pasadena theatre, Pasadena, with Jack Oakie's newest laugh riot, "Let's Go Native" as the feature. The new comedy starring the "boy with the infectious grin," is one of the funniest pictures made by Paramount this year. In fact, Paramount officials compare it with "Animal Crackers." The action is fast moving throughout, with laughs piling up on one another. Oakie is supported by a splendid comedy cast, including Jeanette MacDonald, Skeets Gallagher, aJmes Hall, Kay Francis, William Austin and Gene Pallette. Oakie is his usual wise-cracking self, with the other members of the cast combined to add to the merriment. An added attraction on the program will be "The Laurel and Hardy Murder Case," a three reel travesty on the murder mystery pictures.

Weekday matinees at the new theatre start at 1 p.m.

GREAT CAST APPEARS WITH NORMA SHEARER

Norma Shearer again follows a noted stage star in "Let Us Be Gay," which opens Thursday evening at the Fox Colorado theatre, Pasadena, as a new Metro-Goldwyn-Mayer feature. In past talks Miss Shearer played roles created by Ann Harding and Ina Claire and she now enacts a part played on the screen by Francine Larrimore.

Robert Z. Leonard directed the film with Rod La Rocque opposite the star. The supporting cast includes Marie Dressler, Hedda Hopper, Gilbert Emery, Raymond Hackett and Sally Eilers.

Larry Ceballos is the director of Fanchon & Marco's latest hit entitled "Seeing Paris" Idea, featuring a very large and capable cast in entertaining numbers. Max Bradford and his band will accompany musically. Fox Movie-tone News will present world events.

NOTABLE PICTURES BILLED AT FLORENCE

"The Sea Bat," featuring Charles Pickford, comes to the popular Florence Theatre, Colorado avenue at Catalina, Pasadena, today and tomorrow.

"Women Everywhere," with J. Harold Murray, one of the much discussed pictures of the year, is the Florence attraction for Sunday and Monday, September 21 and 22.

"Big House," the reigning sensation of the week, will be shown on Tuesday, September 23.

Fables, cartoons and news pictures are a part of all programs at this theatre, where seats are never more than 35 cents.

GREAT VARIETY IN WASHINGTON BILLS

"With Byrd at the South Pole," the actual story in pictures of Commander Byrd's history-making journey through the Antarctic to the South pole, is the attraction at the Washington Theatre, Washington at Lake avenue, Pasadena, today and tomorrow.

Ramon Novarro in "In Gay Madrid" is the Washington's attraction for Sunday and Monday, when a comedy and the news pictures that are a part of this theatre's programs will also be shown.

Lawrence Tibbett in "The Rogue Song," which holds a mighty appeal to the music lover as well as the film fan, comes to the Washington on Tuesday and Wednesday, September 23 and 24, and a big double feature program follows on Thursday, continuing on Friday, September 26.

These two showings bring to the Washington Dolores Del Rio and Edmund Lowe in "The Bad One" and "Dumb Bells in Ermine," with Robert Armstrong, James Gleason, Barbara Kent and Beryl Mercer.

Professor and Mrs. John J. Hart, of 496 West Central avenue are home after a pleasant summer at Venice.

THRILLING TRIANGLE STORY AT THE ARCADIA

Two big talking features are on the bill that opens at the community Theatre Arcadia, in Arcadia, tonight and that will be continued tomorrow. "Strictly Unconventional," is a virile triangle story of wives, husbands and lovers by Somerset Maugham with a cast that includes Lewis Stone, Catherine Dale Owen, Paul Cavanagh and Ernest Torrence. Showing with it is a thrilling Tiffany Western with Bob Steele, "Oklahoma Cyclone." Nita Rey plays opposite the star in this picture which was directed by J. P. McCarthy.

At the request of many patrons of the Arcadia "With Byrd at the South Pole" comes to its screen for a return engagement on Sunday and Monday, September 21 and 22.

"Galloping Gaucho," a Mickey Mouse cartoon and Paramount News reels which are a feature of Theatre Arcadia showings, round out the bill.

GREAT COLORED CHORUS TO SING AT ROSE BOWL

A chorus of 100 trained colored singers will render 20 Negro Spirituals and plantation melodies at a concert in the famous Pasadena Rose Bowl under the auspices of the colored citizens of Pasadena on Sunday, September 28, to help raise funds to continue the series of concerts by the Pasadena Municipal band throughout the winter season. The municipal band will accompany the singers and present an elaborate and varied program of its own.

Soon Dread Disease To Be Unknown

State Making Spectacular Headway Against Tuberculosis

By UNITED PRESS

Sacramento, Calif., Sept. 19.—Tuberculosis, once the dreaded "White Plague" of California, is rapidly passing out of existence. By 1940 the disease will be virtually unknown.

Such is the prediction of Mrs. Edythe L. M. Tate-Thompson, chief of the state bureau of tuberculosis, who says that California has made one of the most spectacular reductions in its tuberculosis death rate of any state in the union.

"Since passage of the tuberculosis subsidy law in 1915, California has reduced its death rate from this disease from 189 per 100,000 of population to 106.8," said Mrs. Thompson. "This is a reduction of 83 points, or approximately 44 per cent, in 14 years." Despite a statewide increase in population of approximately 90

per cent since 1915, deaths from tuberculosis have increased only 5 per cent, she pointed out. "T.B." deaths in California last year totaled 5,855, as against 5,551 in 1915. During the same period, the state's population mounted from 2,940,483 to 5,672,009.

Los Angeles county contributed largely to the state's record, Mrs. Thompson added. Last year a total of 2,230 persons died of tuberculosis in the county, as compared to 1,593 in 1915. This was in spite of a marked increase in the county's population during the 14-year period.

The best previous record over a large area was the 50 per cent cut in the death rate for the United States as a whole over a period of 25 years, announced recently by the National Tuberculosis Association.

California, in 14 years, has nearly equaled this record, and by the end of the comparable 25-year period—if the present rate of reduction is maintained—will far surpass the national record.

Credit for the spectacular reduction was given largely to county officials of California by Mrs. Thompson.

Sensation of the Radio Industry

from 12th Place to 1st Place in 3 Years

Now...Philco steals a new march on the Radio Industry with this combination of new features and phenomenally low prices.

WHAT causes one radio to be universally demanded above all others? . . .

Performance!

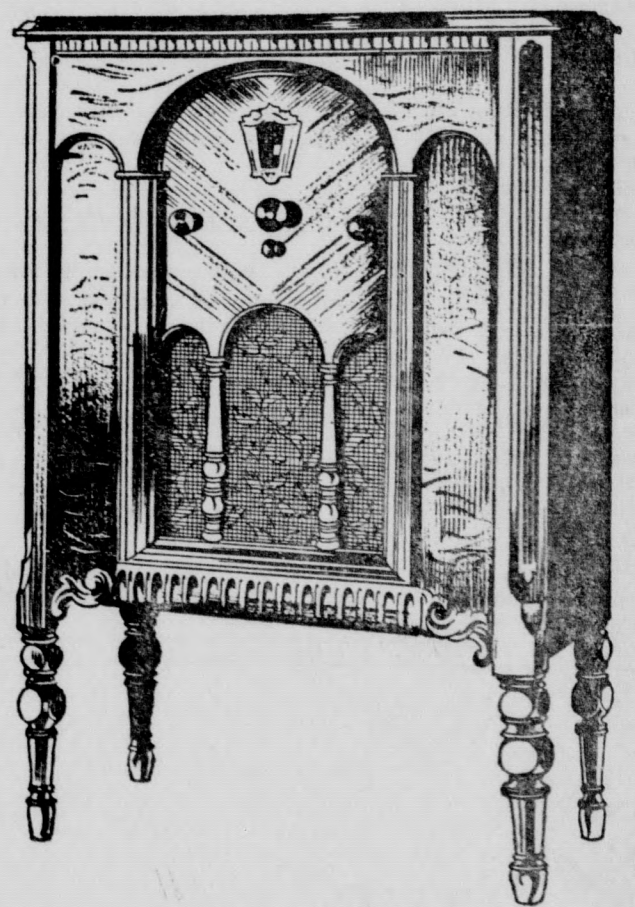

That is the only method by which the public can truly judge. In 1929, Philco sets became world leaders, in popular favor and in sales. Why?

Because Philco was first in Philco Balanced Units, producing a TONE never before achieved in radio.

Now Philco sets the pace again...with TONE CONTROL, newest miracle of radio reception. This amazing feature gives you personal control of station tone through FOUR degrees of tone quality... "Brilliant"... "Bright"... "Mellow"... "Deep". And, cuts interference noises.

In addition, Philco brings you four other features, never before combined in one radio. (1) Automatic Volume Control, in Philco Screen Grid Plus. A remarkable device that enables you to pick up and hold far-away stations, without "blasting", fading or distortion. Volume remains the same for stations near or far, where you set it on the dial. (2) Visible Station Recording Dial, on which you can permanently log your favorite stations. (3) Tremendous power, selectivity, and distance ability. (4) Exquisite cabinets, created by one of the most famous designers in America.

But...you must hear, see and operate the new Philco before you can appreciate why it is the outstanding sensation of the radio industry. Then you'll wonder how Philco can be offered at such sensationally low prices. Philco volume does it

In Your Garden--Now

What To Plant — What To Do

By JESSIE WARD RUSSELL
Landscape Gardener

COLORFUL WINTER FOLIAGE

HERE are a few ornamental shrubs that should be in every garden for the colorful foliage they produce during the winter months. They are quite as desirable as shrubs that bloom and especially so as there is so little color in the garden during the cold weather.

An outstanding shrub in this class is the Nandina Domestica. The cold weather turns the foliage red and coppery. It is an upright, semi-dwarf growing shrub that is handsome planted in front of a mass of green foliage. The leaves remain red all winter. During the summer months the foliage is green with reddish new growth. The blossoms are white followed by small red berries in the fall.

A similar shrub but more dwarf growing is the Mahonia Aquifolium or "Oregon Grape." Cold weather turns the holly-like foliage of this beautiful shrub from green to red and it will remain that way all winter. In the spring the shrub is covered with clusters of yellow blossoms which later form purple berries.

Abelia Grandiflora, a useful shrub in landscape work because of its clean, glossy green foliage and graceful arching branches, will turn bronzy-red during cold weather. In the summer it is covered with light pink tubular shaped flowers.

Pieromra Splendens has both attractive foliage and blossoms during the winter. The foliage is thick and very velvety and many of the older leaves will turn orange and red while the younger growth will remain green. The large flower buds are red but the blossoms are a brilliant royal purple and very showy.

ATTRACTIVE STREET TREE PLANTING

During a recent trip to the southern part of the State, I was impressed with the street tree planting that is being done at Chula Vista. The main street of the town has parking strips between the sidewalk and the street planted to Cocos Plumus Palms interplanted with Hibiscus in a variety of colors. This street is quite wide, and as there are no street-car lines, they have made a parking strip down through the center of the street as well, on which they have planted a double row of Cocos Plumus Palms and covered the ground between the palms with flowering shrubs such as Plumbago, Hibiscus, Abelia, Cotoneaster, and Pyracantha. There are also clumps of red flowering aloes and beds of bright zinnias.

MARJORIE BRADLEY GETS BIRTHDAY SURPRISE

In celebration of the fifth birthday of Marjorie Bradley, daughter of Mr. and Mrs. W. Bradley, of 154 North Mountain Trail avenue, 12 young guests met their hostess, Mrs. Lena Kramer, at 149 North Mountain Trail, and then proceeded to the home of the honor guest. Out of door games and Uncle Wiggley entertained the little guests until supper was served.

Mr. and Mrs. C. Hall Perry returned on Monday from a two-weeks stay at Laguna Beach.

Fire Flames

By One of the Boys

SEVERAL of the regulars were late for fire practice last Friday and were severely reprimanded by our sweet tempered chief. During the practice, the wives and sweethearts of the boys gathered at different parts of the city, awaiting the return of their "brave men." At an appointed time, both sexes gathered at the Sierra Madre Golf Course for a battle of "gabbling golf."

Truly, it was a word battle, from start to finish. Harvey Steinberger offered a golf stick as a prize for low score. This was won by Miss Marie Jenkins. Brooks and Miss Jenkins were tie for the prize, but on second chance Marie won the club. (This was for low score, not for "gabbling.")

Due to the added contestants in our eating tournament, it was necessary that two members prepare the feast. The task was assigned to Harry Peterson and Lee Hibbs and as usual, Mrs. Peterson and Mrs. Hibbs carried the responsibility.

Our two very long tables were set up in the club rooms. They were decorated with various shades of edible cake, salads galore, meats, olives, pickles and a finishing touch of ice cream which nearly overburdened the epigastrium. The tables were surrounded with uniformed firemen and their particular "influences," which we must admit was a colorful sight for color blindness.

After the supper the "gabbling" continued with Frank Lovell carrying away the honors. We never knew a man could talk so much. The following morning, a baby girl was born to Mr. and Mrs. Don Hosford. Mrs. Hosford attended this above mentioned "gab fest," and Don didn't say a word all evening.

A committee has been appointed to arrange a card party for the very near future. The time and place is not yet decided, but we want everyone who enjoys cards to come and have a good time. The object is to raise a little more cash to buy equipment for the truck now under construction.

FIRE'S OUT.

A daughter was born to Mr. and Mrs. Donald Hosford at the Pasadena Hospital last Sunday morning.

New Arrangement For Display Window Gets Public's Eye

The Sierra Madre Hardware Company has a new window arrangement that is attracting much attention. The ordinary two-foot platform which is so common to display windows, has been dispensed with and the merchandising display is on the level with the store floor. Such well-known products as the Hoover cleaner, the Thor washer, the Majestic stove, and the Atwater Kent radio are now featured in this new window.

Lowering the floor level has made for a much more effective and pleasing display and a shiny new hardwood floor covered with a blue carpet adds to the naturalness of the arrangement.

RELIEF FROM CURSE
OF CONSTIPATION
A Battle Creek physician says
"Constipation is responsible for
more misery than any other
cause."

But immediate relief has been
found. A tablet called Rexall Or-

tablet attracts water from the
system into the lazy, dry, evacu-
ating bowel called the colon. The
water loosens the dry food waste
and causes a gentle, thorough,
natural movement without form-

the dose.

Stop suffering from constipa-

Miss Leah Fletcher of 634 West Highland avenue, leaves Saturday September 20th, for a month's visit with friends and relatives in the Middle West.

Miss Mary Davis, daughter of Mrs. Ethel R. Davis, 145 San Gabriel Court, left Sierra Madre last Tuesday for Corvallis, Oregon where she will attend the Oregon State College of Agriculture.

Mrs. Robert Drew and son, Mack, are returning to Mrs. Drew's home in Minnesota. Her father, Frank M. Honsa, who came from Renville, Minn., for Mr. Drew's funeral last week, is accompanying her.

Miss Elizabeth Steinberger, principal of the local school, entertained teachers of her staff at a picnic supper last Friday night. Afterwards an enjoyable evening was spent on the miniature golf course at Central and Auburn avenues.

Mrs. Josephine Marr left Sierra Madre Sunday, September 14th, for a two months visit with her friends and relatives in Chicago, Ill. Other middle western cities that she will include in her itinerary are Minneapolis, St. Louis and Detroit, Michigan.

Mrs. M. R. MacDowell and Dr. Edythe M. Dutcher, of Belle Vue Court, entertained six friends at luncheon on Tuesday last. The out-of-town guests were Mrs. M. E. Stetman and daughter Yolande Hayes, of Los Angeles, and Mrs. Hulen, the wife of Gen. John A. Hulen, of Fort Worth, Texas.

Mr. and Mrs. J. Dolan of 115 North Baldwin avenue, left last night on the Sunset Limited of the Southern Pacific for a three-weeks' trip up the coast, stopping at San Francisco, Seattle, Portland and Vancouver. They will return by the way of Spokane, Wash.

Lives Of "Crossing Racers" Count For Little In Japan

While American railroads continue huge expenditures on safety devices and educational work to prevent grade crossing accidents, the supreme court of Japan has approached a solution of the problem from an altogether different angle, according to word received by J. E. Newman, claims attorney for the Southern Pacific company. "In the future," it is reported in a recent issue of the Japan Advisor, published in Tokyo, "the motorist who races trains to crossings will do so at his own risk. His heirs will have no claim on any railway company, public or private, if his temerity sends him on a journey he had not expected to take so immediately. The new ruling," the article continues, "is a recognition of the fact that this is an age of speed and that the country will be benefited more by faster train schedules than by preserving the lives of idiots who race trains to crossings."

It's Different Now; Election Is Over—Young Toasts Rolph

By UNITED PRESS

Sacramento—Sept. 19—Governor C. C. Young and Mayor James Rolph Jr. sat at the banquet table this week and exchanged felicitations. The governor introduced Rolph as "Your friend and my friend—the future governor of California." Rolph arose to pay a tribute to the governor for his good sportsmanship in inviting the man who had defeated him for reelection as his guest at the fair. "I shall remember it as long as I live," said Rolph. "It is an object lesson in the political life of our state."

DEATH ENDS LONG ILLNESS OF MARIE PATTON

After an illness of six years, two of which were spent in Sierra Madre, Marie Patton, 32, a native of Butte, Montana, passed away here last Saturday.

This most unusual girl, who endeared herself to many of the people here, had no living relatives.

Rosary service was held in the Sierra Madre Funeral Chapel Monday night, September 15th and the funeral services Tuesday morning at St. Rita's Church were conducted by Rev. Father Hyacinth Clarey, with burial at Calvary Cemetery, Los Angeles.

GETTING READY FOR WINTER SPORTS IN COUNTY'S GREAT PARK

Participants in winter sports at Big Pines Camp will find additional facilities for their comfort during the coming season, Fred E. Wadsworth, superintendent, announced today. Four shelter houses are in course of construction and will be completed and ready for use before the first snow fall.

"These shelter houses," Wadsworth said, "are of ample proportions and will be provided with a generous sized fire place so that no one will have any trouble in keeping warm. Each of the houses will have a floor of concrete 26 x 40 feet. There will be a storm side wall of stone four feet high, from that point to the roof which will be of composition, the sides will be covered with shakes."

IMPORTANT NOTICE to all Fire Insurance Policy Holders

On many streets in this city and including the streets in the Sierra Madre Canyon, larger and more improved fire hydrants have been installed by the City Council. These larger fire hydrants are taking the place of the 2-inch hydrants. In such places where the larger hydrants have been installed a reduction will be given to policy holders—provided the risk is within 500 feet of a 4-inch or larger hydrant.

Further particulars can be obtained by talking with the undersigned:

BUST OF McGROARTY FOR MISSION PLAY HOUSE

The California History and Landmarks Club is sponsoring a movement to place a bronze bust of John Steven McGroarty in the Mission Play House, at San Gabriel, as a testimonial of appreciation of California's beloved son who has chronicled her history, written her poetry and woven her colorful beginning into the world's greatest pageant drama, the Mission Play.

It is to be a popular expression of affection and appreciation wholly financed by "those who sit under the far flung rafters of the Synagogue between Dan and Beersheba," and contributions from \$1 up are being asked and the sponsors hope to make this a work of sentiment in which all may participate.

CARELESS MOTORISTS "SPOTTED" BY PATROLS

Sacramento, Sept. 19—With schools open in most of the districts of California again, Frank G. Snook today instructed officials of the California Highway Patrol that strict observance of the law requiring motorists to observe a speed limit of 15 miles an hour in school zones will be required.

Patrolmen will be ordered to work in the vicinity of school houses and to arrest any person who fails to drive carefully past schoolhouses.

YELLOWTAIL ARE RUNNING

Fourteen anglers on one of the Hermosa live bait boats set a record at Hermosa Beach yesterday when they brought ashore 72 yellowtail. Captain J. M. Anderson, skipper of the big Olympic fishing barge, is receiving congratulations as he predicted the yellowtail run several weeks ago.

Real Estate Up 33 Per Cent Here In Month of August

August, the peak of the summer and the height of vacation time, is generally a "quiet" month with respect to real estate activity, according to the California Title Insurance Company. Last month proved to be an exception. Realty transfers for August as evidenced by deed filings, were practically the same in number as in the preceding month for Los Angeles County as a whole, with the exception of Los Angeles City where a slight decline was experienced.

The Sierra Madre realty market showed an increase of 33.33 per cent in the volume of August transfers over those for July. Sixteen deeds, 5 mortgages and 5 trust deeds were filed last month affecting local real estate, compared with 12 deeds, 3 mortgages and 6 trust deeds filed during July.

Four new tracts, containing in all 206 parcels of land, were officially opened during August in Los Angeles county. This year to date has witnessed the filing in this County of 143 new subdivisions, aggregating 8537 lots.

SUIT CLAIMS

(Continued from Page One) new provisions of the State Constitution, because they were not instructed to do so, and that therefore the returns of the Board of Supervisors are incomplete. If the court grants the application, the ballots will be opened and checked by officials appointed by the court.
